# RETAIL IS DETAIL

"Replan understood our objectives better than the other shop fitting companies I had dealt with. It was a privilege to deal with like minded people with a drive for perfection."

Tony Singh. Managing director. Greenside Electrical Co. Ltd.

It's no secret that having a fantastic looking, well designed retail environment is key to increasing sales and maximising profit. Electrical retailing is no exception which is why successful retailers turn to Replan.

Replan offers practical experience and creative flair. Our wealth of experience in electrical retailing means we can work with you towards achieving your specific business goals, giving your business a sharper edge, irrespective of the size of your business.

"I would certainly recommend Replan to others. They have a friendly and approachable style, and their commitment to the client shows in the finished product."

Neil Mottershead, Proprietor of 'Shop@Panasonic' Salisbury

## RELEASE THE POTENTIAL

Established over 25 years ago, Replan has built an enviable reputation for quality, design, reliability and customer service. We have an unrivalled track record and are highly experienced at designing and installing flexible retail interiors throughout the world, working with both large chain-stores and one-store independent shops. While image is everything, size really doesn't matter.

Our teams are drawn from across the retail sector - merchandising, shopfitting, interior design and project management - so we have the knowledge and understanding you're looking for. And with our experience and flexible approach we are always able to deliver on our promises.

Designed to a brief and to an agreed budget, our flexible refits use a selection of modular systems in a variety of finishes to offer endless merchandising solutions. Benefits include:

### Reduced staff costs

Clear displays, obvious signposting and fronting-up items, helps customers to self-select

### Increased security

Careful siting of cash points, entry/exit doors, fitting rooms and high risk items, all help to reduce shrinkage

### Maximise floor space

Modular system offers a full range of sizes to accommodate any floorplan:  
400mm, 600mm, 800mm, 1000mm, 1200mm

### Faster stock flow

Logical placement of stock and adaptable displays for seasonal goods, will increase stock-turn

### Improved cash flow

Retail is detail. Ensuring that the layout is visually appealing, logically presented and tuned to your customer base, will significantly contribute to a stronger cash flow, a vital factor in any retail business

"The designers I have worked with have been innovative and thorough; understand shop environments and also the financial constraints modern retailers operate under. Give them an opportunity you will be surprised what can be achieved."

Kully Johal, Euronics Member, SS Electrical Superstore Bradford
